

**Support A New Scholar Program  
[SNS] Track A (2023-'24):**

*Graduate students*

Dear SFRA community,

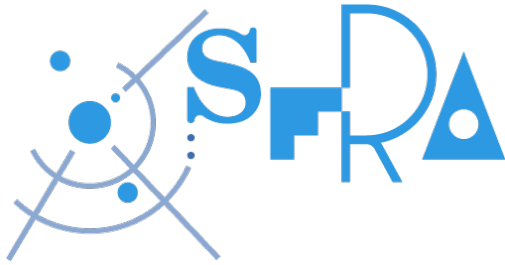

We are pleased to post a call for applications for the **SFRA Support a New Scholar Program (SNS)**, for 2023-2024.

The SNS program supports advanced students and scholars of outstanding promise to assist them in taking part as active members of the science fiction community. In alternating years, this excellence-based grant is aimed to help fund one graduate student and one non-tenure-track scholar for a period of two years, covering SFRA membership costs. [Note: **This notice corrects the earlier SNS call; for 2023-'24, we are supporting Track A applicants (graduate students), not Track B applicants (non-tenure-track Ph.D.s) as previously mentioned.**]

Please find below eligibility criteria, an application form, and information on other requested materials for this year's track.

DEADLINE FOR SUBMISSION: November 1, 2022

If you have any further questions please contact the SFRA Vice President,  
Ida Yoshinaga [ida@hawaii.edu](mailto:ida@hawaii.edu).

**Support A New Scholar Program  
[SNS] Track A (2023-'24):  
*Graduate students***

- Eligible candidates will have a proven interest in SF.
- Eligible candidates must be students currently registered for a graduate degree program (Masters / Doctoral) in a recognized institution of higher education.
- Eligible candidates may not be employed as tenured faculty or in academic tenure-track posts for the duration of their participation in the program.
- Candidates may apply more than once for the program but can only be awarded one time (no matter which track).
- Awarded scholars are encouraged to attend the SFRA conference (in person or hybrid) during the years they participate in the program.

<b>Name:</b>			
<b>Postal Address:</b>			
<b>E-mail:</b>		<b>Tel.:</b>	
<b>Affiliation:</b>			
<b>Have you applied to the SFRA SNS in the past?</b>	Yes / No	<b>When?</b>
